Subject: Approval of Microsoft Enterprise Agreement license renewal

Action Requested: The Information Technology department is requesting approval of renewal of a three year enterprise licensing agreement with Microsoft.

Background: The city's previous three year Enterprise Agreement with Microsoft expired April 30, 2010. The Microsoft Enterprise Agreement (EA) covers licensing of all Microsoft products which includes all desktops, laptops, servers, databases, email, etc. The EA is the most cost effective way for the city to license the Microsoft systems and products used by all departments throughout the City.
